### SWPA Tobacco Quit Product Financial Aid Insert

Research shows that people who attend counseling and use a tobacco quit product are twice as likely to achieve quitting tobacco.<sup>1</sup> Financial aid programs designed to help tobacco users get quit products are connected with each counties’ Tobacco Master Settlement Funded (MSA) cessation programs. See the accompanying guide for contact information.

For all programs, a participant must not have any insurance coverage for quit products, enroll and attend quit classes, complete a liability release form and submit a physician Rx form that authorizes them to use the quit product. All are based on funding availability.

**Medicaid, Medicare and military veterans see other side.**

<sup>1</sup> Clinical Practice Guidelines for Treating Tobacco use and Dependence

<sup>1</sup> Clinical Practice Guidelines for Treating Tobacco use and Dependence

Military Veterans

### Federal/State Tobacco Quit Product Financial Aid

To help veterans quit smoking and tobacco use, VA offers prescriptions for nicotine replacement therapy, such as a nicotine patch or gum, or other medications.

**Type of Product:** A wide variety of FDA-approved nicotine replacement therapies and smoking cessation medications are available in the VHA formulary.

**Contact:** <http://www.publichealth.va.gov/smoking/>  
VA health care facility at 1-877-222-8387

Medicare--including Advantage, Security Blue and UPMC For Life

Smoking and tobacco use cessation counseling are covered under Medicare Part B when certain conditions of coverage are met, subject to certain frequency and other limitations. Medicare's prescription drug benefit (Part D) also covers smoking and tobacco-use cessation agents prescribed by a physician.

**Type of product:** Only prescription drugs. However, Part D plans may include Over-The-Counter (OTC) drugs in step therapy protocols as part of their cost effective drug utilization management program. However, OTC drugs included in these protocols are considered administrative costs, not Part D drugs. Step therapy is where a plan says that you have try a generic drug before it will pay for a brand drug or that you have to try certain drugs in a class before it will pay for a particular drug.

**Contact:** PA Department of Aging at 1-800-783-7067

Medicaid (Medical Assistance) including Access, Gateway Health Plan, Unison and UPMC For You

Tobacco Cessation Drug Products and Counseling Services are covered under PA's Medical Assistance (MA) Program. All MA recipients are eligible for tobacco cessation counseling services, but only those MA recipients who are eligible for prescription services may receive FDA approved tobacco cessation drug products (including over-the-counter). In addition, authorizations or step therapy may be required. Step therapy is where a plan says that you have try a generic drug before it will pay for a brand name drug or that you have to try certain drugs in a class before it will pay for a particular drug.

**Type of product:** All FDA approved products, legend and non-legend, including over-the-counter.

**Contact:** Number on the back of your insurance card.
